

# XP Energy™

## 38AW-R/80AW-R(A)

Split air-to-water heat pumps with R32 refrigerant

For residential and light commercial applications

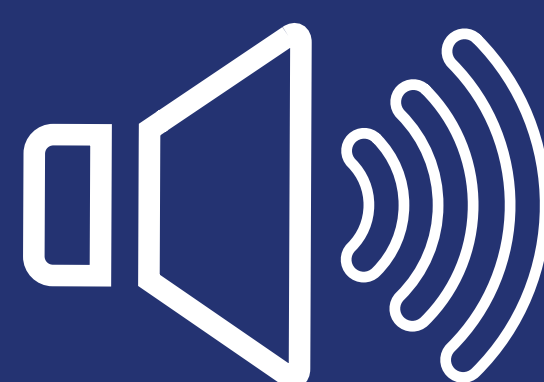

### Year-round comfort

Heating mode: from -25°C OAT  
Cooling mode: up to +43°C OAT  
DHW: from -5°C to +43°C OAT.

### Efficient performance

Energy efficiency class:  
A+++ Heating (A7°C, W35°C)\*  
A+ DHW\*\*.

### Low noise operation

Standard sound power level  
starts from 56 dB(A) (outdoor  
unit) and 38 dB(A) (indoor unit).

### Compact Design

Effective solution either as  
renovation or new build, with  
small footprint indoor unit.

### Wide range

10 power-size outdoor units,  
compatible with 7 wall-hung or  
6 all-in-one indoor units.

### Certified Performance

Tested in a European lab  
to satisfy local incentive  
requirements\*\*\*.

\* The energy efficiency class range of this product category is from D to A+++  
\*\* The energy efficiency class range of this product category is from F to A+  
\*\*\* Depends on local market regulation
